## Features:

- Each pack includes a double wall half-slotted container with tray cover and pallet.
- Pack footprints are designed for maximum cubic efficiency in domestic trailers.
- Deeper boxes come with drop panel cutouts for accessible loading and unloading.
- Optional scored sheet inserts (shown right) can be purchased for increased stacking strength, comparable to triple wall boxes.
- Packs can be purchased fully constructed (set-up) or flat on pallet (knocked-down).

## Set Up Instructions:

1. Erect HSC box and tape bottom then attach to pallet.
2. Place scored sheet inserts in box with 8" flap on outside (optional).
3. Fold tray cover and glue/staple/tape corners. Place on top of box.
